*On October 5, 2007 Genta Trimble and Jon Reep were joined together in holy matrimony in one of the most beautiful spots on the planet. With friends and family present they exchanged vows at the White Orchid Beach House in Makena on the tropical island of Maui. Minutes after being declared husband and wife the sun passed over the horizon with an explosion of color. It would be the first of many sunsets as a married couple.*

*Marriage deepens and enriches every facet of life. Happiness is fuller, memories are fresher and commitment is stronger. It offers opportunities for sharing and growth that no other human relationship can equal; a physical and emotional journey that is promised for a lifetime.*

*"This evening we ask your abiding love and encompassing protection over Genta and Jon on this, their first moments as husband and wife. May your manifold blessings remain with them to the very ending of their days, and may that ending lie far into the future - a future full of shared rewards from a rich life of hard work, common sense, mutual trust, passionate feelings, demonstrable affection, but above all, clear, constant and steadfast communication."*

*Never hang anything on a hotel room sprinkler head unless you want to flood your room, soak your wedding dress and have the entire floor of your resort evacuated. But if you're looking for a free room upgrade, then that's a different story...*

*S'mores, anyone?*

*Will you grow old with me?*

*"I fall in love all over  
Every time I look at you  
And I don't know where I'd be  
Without you here with me  
Life with you makes perfect sense  
You're my best friend"*
